Milford Parks and Recreation Department Director, Gary L. Emory, recently celebrated his 30th Anniversary as an employee with The City of Milford.

Mr. Emory began his career in Milford in 1978. Three years later, he became Director, and now 27 years later we are celebrating his dedication to our city and it's residents .

Mr. Emory has spent many of those 30 years developing our beautiful Mispillion River Greenway.

This would be a good place to insert a short paragraph about your organization. It might include the purpose of the organization, its mission, founding date, and a brief history. You could also include a brief list of the types of products, services, or programs your organization offers, the geographic area covered (for example, western U.S. or European markets), and a profile of the types of customers or members served.

It would also be useful to include a contact name for readers who want more information about the organization.
