

# Utility Feasibility Study Request Form

File Name: \_\_\_\_\_

Date Stamp

File Number: \_\_\_\_\_

**Applicants must submit a schematic or concept drawing of the property which shows streets which border the property, including street names; all parcels associated with the proposed site, including the property lines and tax map numbers; adjoining parcels and property lines; and a schematic representation of the proposed improvements. The scale should be small enough to include area which is known to have City utilities. If the proposed site is a single, relatively small parcel, the drawing may be able to be submitted on an 8 ½” x 11” sheet. If the site is large; or if the site is composed of multiple parcels; or, if the site is in a remote location with respect to existing utilities; please submit the drawing on a large enough sheet so that the scale is not so small as to hinder interpretation of the drawing.**

## **Property Information**

Tax Parcel Number(s): \_\_\_\_\_

Current Zoning of Parcel(s): \_\_\_\_\_

Current Use(s): \_\_\_\_\_

Proposed Zoning of Parcel(s): \_\_\_\_\_

Proposed Use(s): \_\_\_\_\_

Total Area of Parcel(s): \_\_\_\_\_
