## Guidelines

- Collections do not need to be scheduled crews will be visually inspected each week.
- Leaves should be raked out to the curb or to the furthest point of the lawn by 7:00 a.m. each Monday. Because there is only one truck collecting the leaves, it will take all week.
- Keep leaves away from any poles, walls, fire hydrants, trees or signs and please refrain from blowing or raking leaves into the street as they can clog drains and lead to flooding.
- Please make sure that leaves are free of brush, **glass, cans, rocks, Sticks, and other debris**, as these items may cause injury to workers and damage to the collection equipment.
